## **Manufacture and installation of racking and shelving systems**

We offer manufacture, delivery and installation of racking and shelving systems. As additional service we offer repairs and technical controls. We offer also custom-made metal work (saw cutting, drilling, welding, wet painting, assembling).

We offer also storing capacity.

We are looking for subcontracts in our workshop.

Keywords: racking shelving metalworking store subcontractor

### **Cooperation Offered**

1. Subcontracting
2. Manufacturing agreement
3. Technical co-operation
