

Technology Centre CAS

<http://www.tc.cz>

Bilateral Meetings

- Friday (10:10 - 12:15)
- Friday (13:00 - 15:00)

Description

Technology Centre CAS is engaged in technology and knowledge transfer and business support, it serves as the National information centre for European Research especially for Horizon 2020, supports start-ups and development of high-tech enterprises and participates in strategic studies and projects focused on perspectives of research and development, new technologies and innovative strategies. Since 2008, the Technology Centre CAS as a member of the International Europe Network coordinates this network in the Czech Republic (<http://www.een.ec.europa.eu>). The TC CAS also operates an office in Brussels. The TC CAS is looking for innovative technologies and partners for project collaboration and offers innovative products of their clients - companies from the Czech Republic.
